

Assumptions:

- Session cannot exist without track, so is a weak entity, thus only belongs to 1 track
- Track cannot exist without conference, so is a weak entity
- Researchers must belong to an institution
- Researchers don't have to be authors
- Accepted and rejected papers are entities as they cannot exist without being submitted
- Track might not have any paper submitted, partial participation
- A researcher does not have to be in an organisation committee
- Registration is a weak entity as it cannot exist without referencing the researcher that made the reference
